

SEMI AUTOMATIC VERTICAL BALER 300, 300R & 302

CONFIGURATION OPTIONS FOR GREATER FLEXIBILITY
TOUCH SCREEN CONTROLS FOR EASE OF USE
INCREASED SPEED OPTIONS AVAILABLE

The 300 & 302 range of Vertical Balers are manufactured by our partner Sacria Industries, an industry leading European manufacturer producing one of the most extensive ranges of recycling equipment.

These vertical balers are designed with a great range of configuration options to accommodate different user requirements. They all have a large feed opening and produce a large compact bale (~300kg's) of which the dimensions suit a standard pallet space (1200mm x 1200mm x 850mm) which focus on improving overall supply chain processes and improving overall returns through improved rebates.

All models include unique touchscreen controls for ease of use and easily accommodate large volumes of cardboard and plastic film for recycling.

ABOUT DUROGREEN

We are a leading recycling and waste management equipment and service specialist in Australia. With over 25 years of extensive industry experience behind us, we are able to assist businesses across all industries, regardless of type, size and complexity to improve the way they manage their waste and recycling.

Our approach is to think differently.

We recognise every business is unique and we therefore work with you to understand all of your existing equipment, systems and processes. We then work with you to design, develop and introduce new, exciting and often innovative ways to manage waste and recycling more effectively.

Importantly we work with you in order to deliver sustainable financial, operational and environmental improvements.

FEATURES

Large feed opening for greater flexibility, ease of use and reduction in required labour.

Unique and easy to use touch screen controls, with the option to include multiple product selections (eg Cardboard and Plastic Film).

Large bale, designed with dimensions to fit on a standard pallet, improving supply chain efficiencies.

TECHNICAL SPECIFICATIONS

	VERTICAL BALER 300	VERTICAL BALER 300R
FEED OPENING (MM)	620 X 1200	620 X 1200
INTERNAL DIMENSIONS (MM)	1200 X 850 X 1800	1200 X 850 X 1800
PRESS FORCE (TONS)	22	22
MOTOR (KW/HP)	3/4	7.5/10
SPECIFIC PRESSURE (KG /CM ²)	2.2	2.2
CYCLE TIME (SECONDS)	50	28
RAM SURFACE (MM)	1200 X 850	1200 X 850
TOTAL MACHINE WEIGHT (KG)	1400	1500
HEIGHT LOADING(MM)	1120	1120
APPROX. BALE WEIGHT (KG)	300	300
BALE SIZE (MM)	1200 X 850 X 1200	1200 X 850 X 1200
